Summary/Action Minutes

I.  Strategic Plan for Oral Health (SPOH) – 20 min

Quamrun Eldridge, MPH, MHA, Community Health Services Director, Public Health Department, Health Care Services Agency and Annie Shih, DDS, MPH, MS, Dental Health Administrator, Public Health Department, Health Care Services Agency presented a PowerPoint on the Strategic Plan for Oral Health.

The Office of Dental Health (ODH) promotes and leads oral health initiatives in Alameda County and they released their first strategic plan in 2012. Since that time the California Department of Public Health (CDPH) now requires a Strategic Plan from all California counties.

The 2019-24 Plan was developed in collaboration with county and community agencies through an iterative process that engaged over 100 stakeholders. A Steering Committee comprised of oral health and medical providers, health educators, County health officials, elected officials’ staff, and health advocates, led the planning. This Strategic Plan aligns with the California Oral Health Plan 2018-2028 and is a blueprint to expand and strengthen current efforts while continuing to develop new and innovative approaches addressing identified barriers to oral health.

A thorough oral health needs assessment was conducted in early 2018 using the seven-step model developed by the Association of State and Territorial Dental Directors, as a guide, including collecting, inventorying, and analyzing both quantitative and qualitative data. Data gaps were identified and built into the Strategic Plan to be collected over the coming years.

Purpose:
- Report progress
- Advocacy or Education
- Request Health Committee Recommendation or Position
- Other:

This item was informational only and required no Committee action.

II.  Food Bills Approved for 2019 and Temporary Foodservice Operations (aka Pop-Ups) Update

Ronald Browder, Director, Department of Environmental Health, Health Care Services Agency, presented a PowerPoint presentation on Food Bills Approved for 2019 and Temporary Foodservice Operations also known as Pop-Up Restaurants.

There are six bills that make significant changes to the California Retail Food Code (CalCode) for 2019:
AB 626 (Garcia): Microenterprise Home Kitchen Operations - creates and regulates Microenterprise Home Kitchen Operations (MEHKO):

AB 1884 (Calderon): Single-Use Plastic Straws - Applies only to full-service restaurants
Full-service restaurants shall not provide single-use plastic straws to consumers unless requested

AB 2178 (Limón): Limited Service Charitable Feeding Operation - Must be conducted by a nonprofit charitable organization - Exempt from the CalCode food facility definition and requirements, except for general food safety requirements

AB 2524 (Wood): Catering Host Permits - Expands definition of food facility to include “Catering Operation” and “Host Facility”

SB 946 (Lara): Sidewalk Vendors - Limits local regulation of sidewalk vendors, except when the requirements are directly related to objective health, safety or welfare concerns

SB 1192 (Monning): Children’s Meals - Requires healthy beverages as default options in children’s meals in restaurants

Implementation and enforcement of the new legislation will fall to the Alameda County Department of Environmental Health (DEH), as the Local Enforcement Agency (LEA). Statewide, local LEAs are coordinating with professional organizations and state agencies to resolve technical issues (especially with AB 626), and to ensure uniform interpretation and implementation.

**Purpose:**
- Report progress
- Advocacy or Education
- Request Health Committee Recommendation or Position

### III. Crisis System of Care Update

**Attachment**

Kate Jones, RN, MS, Adult and Older Adult System of Care Director, Alameda County Behavioral Health and Stephanie Lewis, Interim Division Director, Crisis Services, Behavioral Health, Health Care Services Agency presented a PowerPoint presentation on the Crisis System of Care update.

ACBH serves individuals who meet Medi-Cal Specialty Mental Health criteria and those with substance use disorders who are Medi-Cal recipients, Medi-Cal eligible, or are members of HealthPAC. The presentation included information on ACBH’s Mobile Crisis Teams, Mobile Evaluation Teams and Community Assessment and Alternative Transportation Teams.

**Purpose:**
- Report progress
- Advocacy or Education
- Request Health Committee Recommendation or Position
- Other:

This item was informational only and required no Committee action.
IV. Measure A1 Rental Housing Development Program - Base City Allocation Funding and Regional Pool Funding Update

Attachment
Attachment

Linda Gardner, Director, Housing and Community Development, Community Development Agency, presented a PowerPoint and memorandum on the Measure A2 Rental Housing Development Program.

On November 7, 2017, the Board of Supervisors adopted the Measure A1 Implementation Policies for the Measure A1 Rental Housing Development Programs. The total allocation to this fund is $425 million over the course of the Bond program and includes both $200 million for four regional pools and $225 million for Base City Allocations per established formulas.

Four applications for Base City Allocation funds are scheduled to come before the Board of Supervisors for consideration on Tuesday, January 29, 2019.

Purpose:
☑ Report progress
☐ Advocacy or Education
☐ Request Health Committee Recommendation or Position
☐ Other:
